#### ALTERNATIVE / IN ADDITION:

It is Friday, close to 22.00. Right from the centre of Kaprun (Salzburg/Austria) we look up respectfully to the Glaciers of Kitzsteinhorn (3203 m). From there we will come back tomorrow after our exiting adventure in the heart of the Austrian Alps. Just ahead of us is the tour of 110 km and 6.500 m in ascent around Austria's highest mountain, the Grossglockner (3798 m). Mostly on single trails we cross the Alps twice through the uniquely beautiful high mountain landscape of Nationalpark Hohe Tauern, crossing and passing its clear creeks and along the glaciers of Grossglockner.
